HARP TUITION

The harp has always been an instrument that speaks to the imagination. It is mostly known for its elegance and delicate sound, although the harp can be so much more. A repertoire from baroque to contemporary, from classical to pop and even jazz, the possibilities with the harp are endless. Although it is often seen as a very rare instrument, The Swiss International Music School and Tandem IMS have made it accessible for children in the school.

The experienced harp teacher Luna Vissers is very passionate about sharing her knowledge and love for music with others. Luna has been playing the harp since she was 8 and has an impressive background studying with many talented harpists. Since 2019 she has been studying with Sarah O'Brien at the Zürcher Hochschule der Künste. Luna will bring her own harp to the school for the children to have their lessons on. Luna will offer harp lessons which focus on training children as harpists, but also as musician so they can play the harp with a broader understanding of music and expression.

- 30 or 45 Minute classes available
- Use of Harp in the school for the lesson
- Opportunity for end of year concerts
- ABRSM harp exam and music theory preparation at any level
- Bilingual teacher (English / German)
- Individual teaching tailored for the child
