The Swiss International Music School GmbH aims to help students develop their musical potential in the most creative and expressive way. They believe that developing musical abilities and appreciation from a young age is a fundamental foundation for every child. Learning the piano develops: rhythm, understanding of sequences and patterns, reading skills, language development, fine motor skills and improves dexterity and hand-eye coordination. Playing music is not only rewarding for children but has been shown to reduce stress.

- 30 or 45 Minute classes available
- Opportunity for end of year concert
- ABRSM piano exam and music theory preparation at any level
- "ABC" approach or "Do Re Mi"
- Multilingual teacher
- Individual teaching tailored for the child

Course booking

Lessons must be booked for the entire semester. See terms and conditions for further details. First priority is given to children already taking lessons - a waiting list is possible. Additional costs apply for ABRSM examinations and piano books. Examinations are not compulsory.
