SCHOOL

Club Description

STEAM stands for Science, Technology, Engineering, Arts and Mathematics. No matter where their future takes them, today's children will undoubtedly benefit from early exposure to programming. As they are growing up surrounded by digital technology, it is important that they obtain the right skills and knowledge to help them successfully navigate and compete in our digital world. This introductory course gives your child a head start!

Learning goals:

- Be introduced to child-friendly and fun programming, computer science concepts
- Explore commands, code blocks (loops and functions), conditionality and variables
- Build confidence with computer programs to write codes that solve common problems
- Empowerment to create from scratch with possibilities as endless as the imagination
- Critical analysis, problem solving, logic, patience, and persistence
- Fun classes which involve team work

Course availability

Club must be booked for the entire semester. See terms and conditions for further details. Minimum of 5 children to start the club.
