At Tandem IMS, we offer pupils in Grade 8 the opportunity to attend our in-house Gymnasium Preparation Course. This course is specifically designed for pupils who are aiming to sit the entrance exam for either a public or private «Kurzgymnasium».

### Payment Terms

- One-Time Fees are for new pupils upon first sign-up only, are non-refundable and are due before the start.
- School Fees are calculated on an annual basis. To simplify invoicing, the annual fee is divided into 12 equal monthly installments, ensuring a consistent monthly price – regardless of holiday or school-free days. These fees are invoiced quarterly (3 months) and are due before the start of the respective quarter.
- Optional Fees are invoiced separately («Arrears Invoice»).

### Discounts & Reductions

Siblings receive a 50% reduction on the enrolment fee (from the second child). For the duration where more than one child of the same family attends Tandem IMS, all children receive a 5% siblings discount on the school fee (excl. Optional Fees). These can only be claimed if the costs are being borne by a private individual. These cannot be claimed if a company is paying the costs.
