GUITAR TUITION

The **Swiss International Music School GmbH** offers children professional and structured guitar lessons. Their curriculum guides students to become confident and enthusiastic guitarists who can express themselves musically. Students are given freedom in regards to the songs, materials, topics and styles they want to study. An introductory guitar program would cover: correct hand and body positioning, tuning the guitar, music reading in the 1st position, chord and guitar rhythm studies, guitar technique, music notation, guitar care and maintenance.

[Taras Mogylevskiy](#) received his Masters degree in 'Guitar Performance and Teaching' in 2005. His primary goal is to give his students a rewarding experience with the guitar while keeping his lessons fun and effective.
