# JUNIOR STEAM

## JR. STEAM Club Description

This engaging program is designed to introduce younger children to STEAM concepts, programming, and computer science in a fun and interactive environment. TechLabs aims to create positive experiences that ignite children's interest in STEAM while developing essential future skills.

## New project for 2025/2026

TechLabs has developed new materials, kits, and content specifically for our youngest learners who are developing reading and dexterity skills. We emphasize interactive projects with a strong kinetic element to maintain engagement. Our new [VEX 123](#) robots facilitate the exploration of math and reasoning skills through enjoyable team-based games. Additionally, we've identified a suitable 3D Printing kit that allows even the youngest children to design, 3D print, and code custom projects using a single app!

## Skills children will gain:

- Problem-solving and critical thinking
- Creativity and innovation
- Hands-on and cooperative learning in groups

Tuesday 16:00-17:00

### SEMESTER 1

<b>DATES</b> <b>2025/</b> <b>2026</b>	AUG	26				
	SEP	2	9	16	23	30
	OCT	21	28
