TANDEM

INTERNATIONAL
MULTILINGUAL
SCHOOL

Club Description

STEAM stands for Science, Technology, Engineering, Arts, and Mathematics. In today's digital world, early exposure to these topics provides children with essential skills to navigate and succeed in their future endeavors. Using state-of-the-art digital, electronic and crafting tools, our programs provide engaging and pedagogically aligned projects that kids love.

New project for 2025/2026

Battle Bots! As the Swiss Center for Excellence in VEX robotics, TechLabs will continue with the "IQ" level kits at the Tandem STEAM program for children aged 6-9. Throughout the semester, participants will construct competition-ready robots and have the opportunity to engage in robotics competitions at our dedicated facilities at the term's end. The 2025/2026 season will feature the "Mix And Match" game: <https://www.vexrobotics.com/iq/competition>

Skills children will gain:

- Physical Computing
- Problem Solving
- Robotics
- Design Thinking

Monday 16:00-17:15
