2017/18 For 3 to 5 year olds

Lego Big Builders

Tuesdays, 16:00 - 17:00

Lego Big Builders is a unique enrichment program for budding young engineers. Developing children's tactile, motor, and spacial skills while teaching science and engineering principles using K'Nex®.

Program subjects include

Physics principles: e.g.: balance and buoyancy

Animal kingdom: Various animals - domestic and wild

Biology: Natural pest control, pollination and symbiosis

The Universe: Space, earth and the solar system

Geometry: characteristics of basic geometric shapes

Transportation and traffic safety: different types of vehicles including motorcycles, trucks, cars and boats

Lego Big Builders develops

motor skills

social interaction

self expression

creative thinking

a broad knowledge for future learning

Children best absorb subjects taught through play and experimentation.
