2018/19 For 3rd* to 6th Grade Primary Children

Robo Lego®

Friday, 16:00 - 17:15

What is Robo Lego?

Available for children attending 3rd* to 6th of Grade Primary. This Lego course is designed to teach advanced Lego skills with software programming.

Providing the children with theoretical and practical application of mechanical and software engineering, Robo Lego® helps children to think in (software) algorithms and to write programming codes. Each week the children will further these concepts using MacBooks and LegoWeDo®.

A typical session includes

- 15 minutes: Theoretical introduction to topic and discussion of software algorithms required. Teacher's guidance on code writing required for the day's topic.
- 40 minutes: In pairs, or a small team, writing and programming set model for the day's topic.
- 15 minutes: Conclusion and group discussion / share models
- 5 minutes: Clean up
