

Spring 2019 Holiday Camp.

29th, 30th April and 2nd, 3rd May

Tandem's Survival Skills and Lego Engineering Holiday Camp

Available for 5 -10 year olds. (Afternoon camp available for 4 year olds.) Also available for children not registered in Tandem IMS

- ★ Set your child's imagination and adventurous spirits free in this four day camp combining action in the woods with immersion into the world of lego engineering.
- ★ The morning camp is set next to beautiful Uteliberg, where children will be taught cool survival skills like building shelters, finding water and safely making fires with their experienced guide.
- ★ In the afternoon children can put on their engineering hats as they problem solve, analyse, build, design and experiment under the guidance of specialist teachers. The lego programme is tailor made to suit all children.
- ★ The aim of this camp is to teach life skills so children feel confident and comfortable being in the wild but also in a future filled with technology and engineering.

Times	Monday	Tuesday	Wednesday	Thursday	Friday
8:00-9:00	Parents drop off. Free play.
