

Sports Holiday 2019 Holiday Camp.

Spark Science and English language Development
Camp. 11th-15th February 2019

Suitable for 4-8 year olds. Available for children not registered at Tandem IMS.

Camp Description

We passionately believe the best way to learn is by doing!

This highly practical and educational camp, led by qualified, native English teachers, brings science to life through spectacular demonstrations and inspiring investigations. Full immersion into the English language will be promoted throughout the week with tailor made activities focusing on scientific enquiry.

This camp aims;

- ★ To spark children's curiosity, passion and imagination about the world around them using observations, predictions, critical thinking, fine motor and team work skills.
- ★ To explore exciting topics including STEM, biology, physics and chemistry.
- ★ To provide a healthy and balanced week with lots of sport and movement incorporated to encourage our budding scientists to have an active lifestyle. Sports include acrobatics, ball games, yoga and more.
- ★ To improve children's listening, speaking, reading and writing English skills in a supportive and patient environment. From total English beginner to fluent speaker welcome.

Times	Monday	Tuesday	Wednesday	Thursday	Friday
8:00-9:00	Parents drop off. Free play. Discussion for the topic of the day.
